UNMATCHED ATTRIBUTES

The excellent non-porous surface makes these vitrified tiles stain resistant, maintaining the aesthetic appeal.

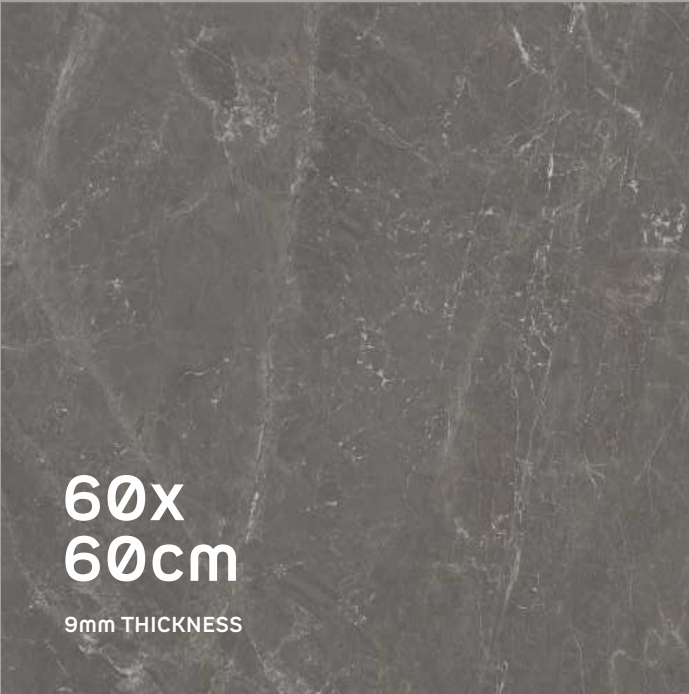

These vitrified tiles make a durable choice due to their great mechanical strength withstanding high pressure.

Water resistant vitrified tiles have low porosity, resulting in low water absorption.

ABOUT THE TILE SIZE

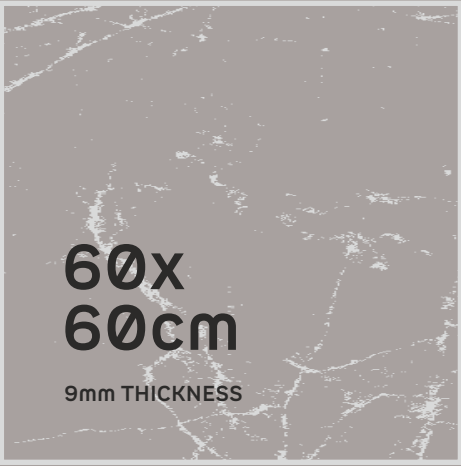

The 60x120cm size tiles make an ideal choice for all spaces. These tiles make spaces look more spacious and seamless with their uniform proportional size. Further, this size of tiles has fewer grout lines, giving floors, walls and other enclosures more coverage. With multi-functional benefits and an easy-to-lay feature, style your space with the 60x120cm size tiles.

ABOUT VITRIFIED TILES:-

Vitrified tiles have become an ideal choice for modern spaces due to the myriad of features and application possibilities. The vitrified tiles are sturdy than ceramic tiles due to their mechanical strength and can be fired at higher temperatures. These tiles have low water absorption levels and are easy to clean. Vitrified tiles have seamless applicability as they can be used on walls, floors, indoors and outdoors. Above all, the vitrified tiles play a vital role in designing a home and perfectly replace natural stones like marble.
